

To,

Mr. Alex  
Director Healthcare Staffing  
Comprehensive, New York 10002.

11/07/07

Dear Sir,

I was one of the many Filipino Physical Therapists who aspire of working in the US, but with too many uncertainties which happened April 2007 about the H1B cap, I thought my dream will no longer be a reality. But, thanks to Comprehensive Staffing Solutions and Comprehensive Kids Developmental School I was able to work here in New York with only 3 months of waiting (I applied June 2007, received my Visa on August and I started working September 19)

You were very professional, prompt and clear in your communications and dealings. It is great pleasure working with you as a leader. I will refer my friends to you.

Thank you so much for making my and my family's dream a reality!"
